Principal's Message 2025-26

Principal's Message – Canora Composite School 2025–2026

Welcome back to a new school year at Canora Composite School! As we begin the 2025–2026 academic year, we are excited to continue building on the strong foundation that makes CCS a central hub of the Canora community.

This year, we're proud to highlight several improvements to our facilities and programs. Our school kitchen and breakfast program continues to ensure that every student starts their day with a nutritious meal, while our school garden gives students hands-on opportunities to learn about sustainability and food production. Our hot lunch program also continues to grow, offering healthy and affordable meals for all. Furthermore, over the next few years, CCS will be receiving a major facelift. The minor capital funding from the Saskatchewan government will allow Good Spirit School Division to replace our roof and update the exterior of the building.

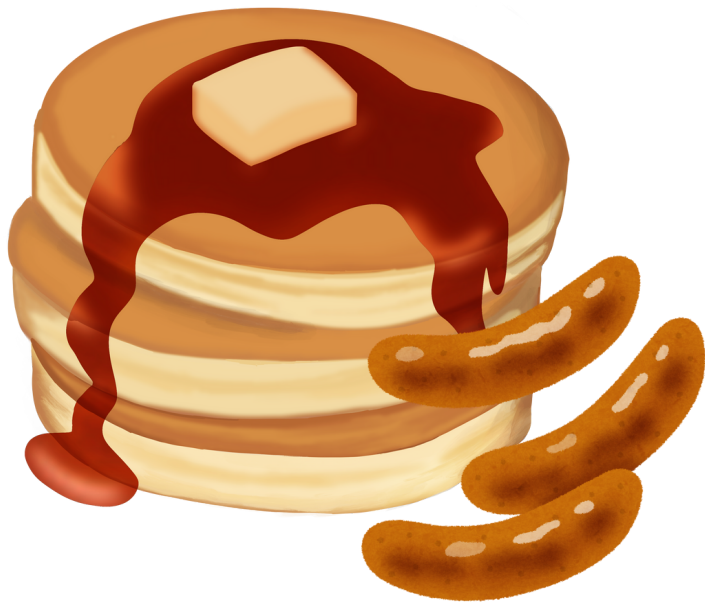

On the athletic and wellness side, we've added new resources to help students reach their goals. We have purchased a new basketball training system that will enhance skill development for our athletes, and our fitness centre has been upgraded with new equipment to support safe fitness options for all students.

Academically, we're expanding our opportunities with more elective courses for high school students, allowing for greater choice and career exploration. At the same time, we're focusing additional support on our elementary students, ensuring a strong foundation for lifelong learning.

If you have any questions or feedback, please don't hesitate to contact the school. Your input helps us grow and improve. Thank you for your ongoing support and partnership.

Sincerely,

D. Serdachny
Principal, Canora Composite School

GSSD is continuing to follow the government's direction with the banning of cell phones in the classroom. We want to inform our students and their families that we do have a telephone available for student use. This phone is located outside the office window. If parents or guardians need to contact their students during the school day, they can call the office and leave a message. We will ensure that the student receives the message to call back.

We strongly encourage all families to ensure that their student knows their phone numbers, as our admin assistants are not always available to look up numbers. This will help facilitate efficient communication between parents and their students during school hours.

We thank you for your cooperation!
